THE FREAK ACCIDENT

PUNK/MATH/GARAGE/POP/SURF/ROCK COLLISON

SAN FRANCISCO BAY AREA

THE MIDNIGHT SHOW OUT NOW ON NADINE RECORDS + NERVE CENTER RECORDINGS

THE BAND

The Freak Accident is a mutant collision of punk rock, twisted psychedelia, garage, surf, and off-kilter pop led by guitarist and vocalist Ralph Spight (Victims Family, Jello Biafra and the Guantanamo School of Medicine). The current trio features Henry Austin Lannan on bass and Stark Raving Brad on drums. Formed in 2004, the band brings two decades of underground punk history to a high-energy, unpredictable live show. Their latest album, The Midnight Show, arrived February 6, 2026, on Nadine Records and Nerve Center Recordings.
